Re: Napoli 2019 Summer Universiade – Regulation Changes

Dear FISU Member Associations,
Dear participating delegations,

By addressing you this letter, we would like to present some regulation changes on the Napoli 2019 Summer Universiade.

As you may already be aware of, the official invitation of the 2019 Summer Universiade was sent out only on 3 September, which was two months later than usual. Indeed, we are facing some challenges in the preparation and realisation of the event, and together with the Organising Committee, we are working hard to find the best solutions.

One of the most critical situations is linked to the readiness of the Athletes' Village. After various market researches and studies, the Organising Committee regretted to inform us, due to the limited local resources available during the event period, they would not be able to guarantee more than 8,000 beds for the delegations.

Facing this challenge, in order to nevertheless secure the delivery of the event, the FISU Executive Committee has made its difficult decision to modify the regulations so that the total number of athletes and officials would not exceed the 8,000 limit. The changes were made mainly on the sport entry quotas and the delegation official quotas, as attached.

Due to this situation, the entry deadlines also had to be adapted, as provided in the annex, in accordance with the current entry progress. We kindly request you to respect all the deadlines, in order not to create any additional delay, as the Organising Committee and FISU will strictly have to stick to these, to guarantee a deliverable and successful event.

We thank you in advance for your understanding, and look forward to seeing you in Naples in July 2019.

Sincerely,

Eric SAINTROND
FISU Secretary General /CEO

5.2.7 Extra Officials

If a delegation wants to enter more accredited officials than allowed, a special request must be presented to FISU at the time of the deadline for quantitative entries.

For the Summer Universiade 2019 Napoli, the special rate of participation fee for these extra officials has been fixed as Thirty Euros (30€) per day per person, which covers the following services from the day of the opening of the Athletes' Village until two (2) days after the closing ceremony:

- a) an efficient transportation system connecting the Summer Universiade venues, including arrival and departure services, transportation services to competitions, trainings, ceremonies and any other official events, as well as designated vehicles as indicated in the Summer Universiade Minimum Requirements;
- b) an access to the Universiade sites and facilities;
- c) an adequate and efficient information system to keep the participants duly informed on the programme and the results of the events, in accordance with the FISU Technology Minimum Requirements and the SU Minimum Requirements;

The extra officials are responsible for their own accommodation arrangements, outside of the Athletes' Village. The OC shall propose some designated hotels where extra officials could be accommodated in agreement with FISU. Extra officials shall also manage their own food and beverage provision.
